## Pattern Introduction

Crocheted with everything you have, to carry everything you need! This show-stopper bag (folks have literally stopped me to ask where I got it!) is so quick, easy, and fun, you'll want to make one for every outfit and every friend. Use up your stash OR use it as an excuse to buy more yarn...the color possibilities are endless. Choose coordinating fabric to line it so it won't sag or stretch. I love mine...all of them. ☺
